Dear Music Colleague,

Greetings and happy spring from the Kodály Music Institute (KMI)!

I am contacting you because I wanted to extend a personal invitation to both you *and* your students to join us this coming July in Southborough, MA.

Unlike many other Kodály training programs in the United States, our summer institute includes high quality courses for both adults *and* children. While learning to implement the Kodály philosophy of teaching, our adult students have the incredible opportunity to observe Master Kodály Educators as they work with students in both choral rehearsals and musicianship classes. Come see what we're all about!

Further details can be found on our websites (listed above). Please don't hesitate to contact me if you have questions about any of our programs. Best wishes for the rest of your school year!
